

The Telephone Consumer's Act 1991 should be changed by:

1. Creating a national do-not-call list at no charge to consumer.
2. Restrict the calling hours to 10:00 am to 6:00 pm.
3. Require telemarketers to formally confirm your request to be placed on their do-not-call list. Failure to do so would result in penalties.
4. Require telemarketers to pay cell phone charges if they contact a consumer on their cell phone.

I believe these changes would remove some of the current problems.
